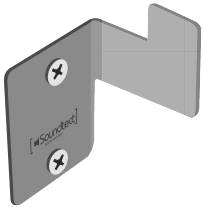
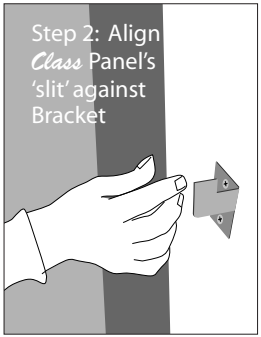
Class Installation guide

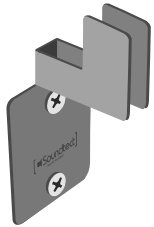
Step 1: Fix Soundtect 'L' Bracket on wall



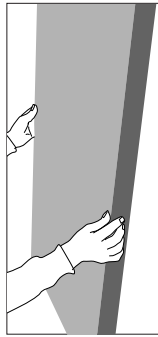
Step 2: Align *Class* Panel's 'slit' against Bracket



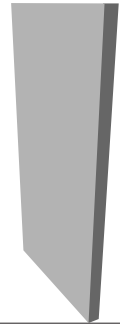
Double bracket to secure and connect two *Class* panels



Step 3: Gently slide *Class* Panel onto 'L' Bracket and slightly pull panel downward to 'lock' panel on Bracket

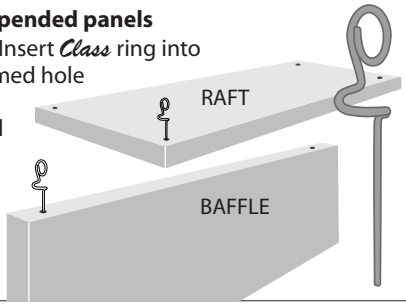


Class panel sits sturdily on Bracket



For suspended panels

Step 1: Insert *Class* ring into pre-formed hole on rear of panel



Step 2: Install ceiling anchor

Step 3: Attach suspension cable and adjust to desired depth.
