SERVICES

A&S Landscape recommend early consultation to consider all aspects of the proposed installation. We provide free quotations and technical information at design stage with drawing files of all details which can be easily incorporated into architects' drawings. Full site surveys, CAD drawings and project management are all part of our standard service. Early technical involvement can often improve design, aesthetics and cost.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any special requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining the performance characteristics of our system.
