Standard Stock Range

Aalco is the UK's largest independent multi-metals stockholder, with an extensive inventory of aluminium, stainless steel, copper, brass and bronze in all semi-finished forms. Aalco's inventory covers a wide range of grades/alloys, shapes and sizes - both industry standards and special or bespoke items for particular applications or individual customers.

Aalco provides customers with a cost-effective single source for all their metals requirements, together with a comprehensive processing service which includes polishing, coating, blanking and 'cut to length'

No order is too large or too small and Aalco offers a responsive and competitive service for supplying anything from single item orders to major JIT contracts, tailoring this service to the individual needs of every customer from small local businesses to major multinational corporations.

With 19 service centres nationwide, Aalco delivers on-time to every corner of the UK. Every Aalco service centre holds stocks to meet the immediate needs of customers in their local area, backed up by bulk stocks held at a central warehouse.

Whatever your requirement, in whatever quantity, your local Aalco service centre is ready and willing to satisfy your needs

For a quotation, for further information, more extensive technical information, advice on product selection or to place an order, please contact your local Aalco service centre.

If you don't see what you want within these pages, give us a call - our range is continually expanding!
