Devoke Freestanding Canopy Technical Specification

Weather Resistance

During the manufacture of our polycarbonate panels a layer of UV absorber is co-extruded on both sides which forms a barrier giving high UV protection from the sun.

Guttering and Downpipes

Guttering and downpipes are fitted as standard.

Life Expectancy:

Our canopies offer a life expectancy of up to 25 years; subject to the chosen finish and adherence to the maintenance schedule.

Excellent Fire Performance

The roof sheets remain stable at very high temperatures where other materials cannot be used. The sheets low expansion is extremely important for the correct sizing of the sheets.

Maintenance:

Please follow our maintenance schedule, which is found in your After Sales pack.

Options

- Secure roller shutters
- Posts pads
- Side and front fills
- Safety barriers
- Signage
