Design Stina Sandwall

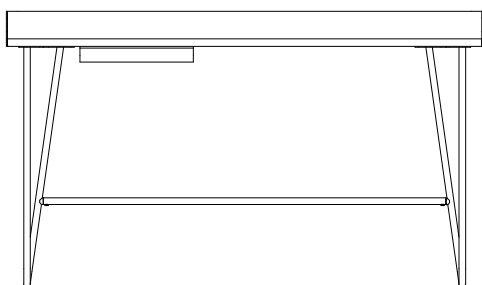

Overtime is a desk and cabinet with a simple and clean design. The desk comes in two different sizes and colors, graphite and white. The Overtime desk is equipped with a clever opening for storing computer and light cables. There is an optional drawer that matches the desk perfectly.

The range offers a neat little cabinet on wheels that fits perfect to the desk. With beautiful lines, interiors in oak wood and hidden wheels, the Overtime cabinet is a perfect stand-alone unit as well as a design fitted supplement to the Overtime table.
