Overtime

Design Stina Sandwall

Overtime- a stylish range with various elaborate details. The range consists of a table and different units of storage. The table is available in two different sizes and with or without a rim. The desk with a rim is equipped with a clever opening for storing computer and light cables. There is an optional drawer that matches perfectly with the desk.

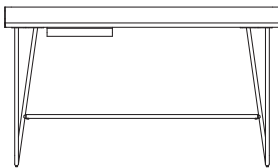

A small cabinet, two chests with drawers and a cupboard is also included in the range. The chest with drawers comes in two sizes. The clean design of the range, available in white or graphite, makes it easy to place in any kind of room.

Measurements: width x depth x height in cm
