# Viti

## Design Stina Sandwall

Viti, storage including a cabinet and a sideboard. It's a contemporary storage series that is particularly interesting due to its unique expression at the handle.

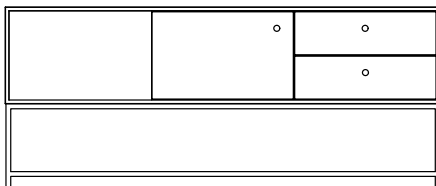

Create your own unique storage by choosing the colour of the frame, back and handles. Choose between white or khaki. You have the opportunity to keep the storage monochrome, all in one colour, or you can select oak for the shelf and the back of the furniture. Another option is also to choose the trendy Carrara marble on the shelf. You also have the opportunity to choose the material for the handles, brass or chrome.

## Variants

Measurements: width x depth x height in cm

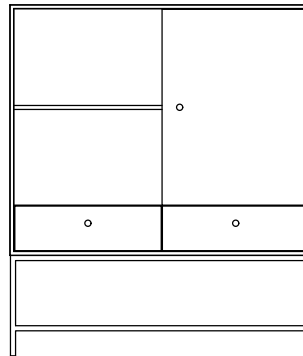

### Sideboard

809 720 90-10 white/oak/chrome  
809 720 90-20 white/oak/brass
