

Special Features

- ▲ VANDAL RESISTANT DESIGN
- ▲ EASILY AND QUICKLY INSTALLED AT ADULT OR JUNIOR HEIGHT

Description

The divider panel is designed primarily for use with the 072 bowl urinal and provides privacy for urinal users. The panel may also be used for other applications.

Construction

The divider panel is manufactured from a 35 mm tubular frame and an infill sheet panel all from grade 304 stainless steel. The tubular frame is fixed to the wall using the integralsupplied wall mounting flanges.

Sizing

Overall dimensions are 1010 mm (height) and 380 mm (projection from wall). The wall mounting flanges are 90 mm diameter. The interior sheet insert is 880 mm (height)
