

Special Features

- ▲ STAINLESS STEEL
- ▲ HEMMED EDGES FOR SAFETY
- ▲ 7.6 LITRE CAPACITY

Description

The Waste Bin is manufactured from 304 grade stainless steel with all-welded construction and all exposed surfaces are polished to a satin finish. Suitable for wall mounting all edges are hemmed at top and bottom for safety. The bin has a 7.6L waste capacity.

Operation

The Waste Bin is a robust basic unit that can be wall mounted using the key-hole fixing points such that the unit may be lifted from the wall for emptying. Alternatively disposal sacks (not supplied) may be used as inserts.

Installation

The unit is mounted to the wall through 4x key hole fixing points as shown in the drawing below. Please note that this drawing is not to scale. Heights widths and depths vary according to model size ordered.
