- › Comes with complete range of accessories for electrification and acoustic shielding
- › Easy to assemble. Table can be assembled or disassembled within two minutes
- › Fully recyclable

_AHREND FOUR_TWO 4

Designer **Lieke van Gool**

"Ahrend Four_Two is furniture range consisting of a four-legged model, a two-legged model and a model with side pieces. The four-legged version has an all-round thin rectangular dimensioned frame that appears to be slightly detached from the tabletop, making it look light yet stable. The rectangular design of the legs, the frames and the tabletops emphasises the archetypal nature of the table."

RANGE

_AHREND FOUR_TWO 4
