Wall Tie – RT2

By Ancon Building Products

Detailed description

Staifix RT2 Type 2 wall ties are general purpose ties, suitable for cavities from 50 to 150 mm and can be used for domestic housing and small commercial building up to 15 metres in height. (Staifix RT2 wall ties can be used in buildings over 15 metres high providing suitable calculations are carried out).

The Staifix RT2 has a measured dynamic stiffness of <math><113 \text{ MN/ m}^3</math>, meeting the performance requirements of Approved Document E for use in external masonry walls. The ties carry CE marking, BBA approval and meet the Technical Requirements of the NHBC.
