

PALM

arper

Palm

Palm is compact, lively and expressive. While suggestive of modern classics, its familiar form is updated with colors and contemporary materials. Exceptionally versatile and resilient, Palm moves easily from home to office to restaurant.

The Palm shell and base are fabricated in a diverse range of materials, colors and finishes. The shell is constructed in polyethylene or covered in leather or fabric. The base comes in chrome-finish steel, powder-coated steel, aluminum or powder-coated aluminum, and is available in the following base configurations: sled, four-leg frame, four-leg frame with armrest, trestle and five-star with and without castors. The four-leg bases are stackable to allow for large-scale use and storage.

The four-leg painted base with plastic shell, also stackable, is suitable for outside use.

The Palm Collection is GreenGuard certified.

Designer

Lievore Altherr Molina, 2004

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manel Molina in 1990. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context.

Distinguished by a multi-disciplinary method that engages furniture, interior, product, and package design, their work has been globally exhibited and acknowledged. They are the recipients the prestigious National Design Award (1999) in Spain where they practice and teach extensively.
