Security Rating	Insurance company recommended

### Brief overview of product range:

The Round Bollard 101/670 product range offers attractive aesthetics which lends this bollard range to applications such as garage forecourt protection or locations where aesthetics are a high priority.

The galvanised finish offers a more industrial look for applications such as roller shutter doors and other such commercial situations. Static posts are available to match the Round Retractable Bollard to provide a complete range of perimeter protection. This bollard is also available in a lift-out version which is suitable for areas not able to install a full outer casing.

### Applications this product will protect

Entrances to commercial and retail premises, driveway entrances, garage door protection and car show room security.
