

Non-penetrative and modular access products

The Big Foot Safe Access range is designed to allow a secure route for service engineers and other trades to gain access to plant and for managing the flow of other personnel. The metalwork is galvanised to ensure maximum corrosion resistance. Both systems are supplied from stock and are quick and easy to install on site.

## Step Over

- Flat packed for ease of handling
- 3 different step options
- 1m landing
- Adjustable leg height
- Standard sizes stocked

### KIT INCLUDES

305mm leg assembly & rubber mats	x 4	Landing grating	x 1
Step handrail	x 4	Landing kickplates	x 2
Step stringers	x 4	Landing handrails	x 2
Step grating	x 2/3/4	Fixings and assembly instructions	x 1

Big Foot Step Overs available with 2, 3 and 4 steps and a 1m landing section. The four legs on each Step Over are supplied with 305mm feet and rubber mats for stability. For safe passage over small hazards our Big Foot Step Over Platform is available.

Big Foot Rapid Walkway is ideal for establishing clear, safe non-penetrative pathways around installations on a flat roof. The gritted GRP top to the walkway grating provides a permanent non-slip surface in any weather and is supported on Fix-it Foot feet.
