

RAFT PRODUCT BROCHURE

INTRODUCING RAFT

KOMAC

STYLE YOUR SPACE

agile working

If you're looking to create a flexible and productive working environment, there's a Raft of options available to you.

Raft is a modular system available in a variety of configurations allowing you to create the seating solution you need.

Featured Products

45° Units
Reef Table

Curved and corner units available

Selection of single and double units

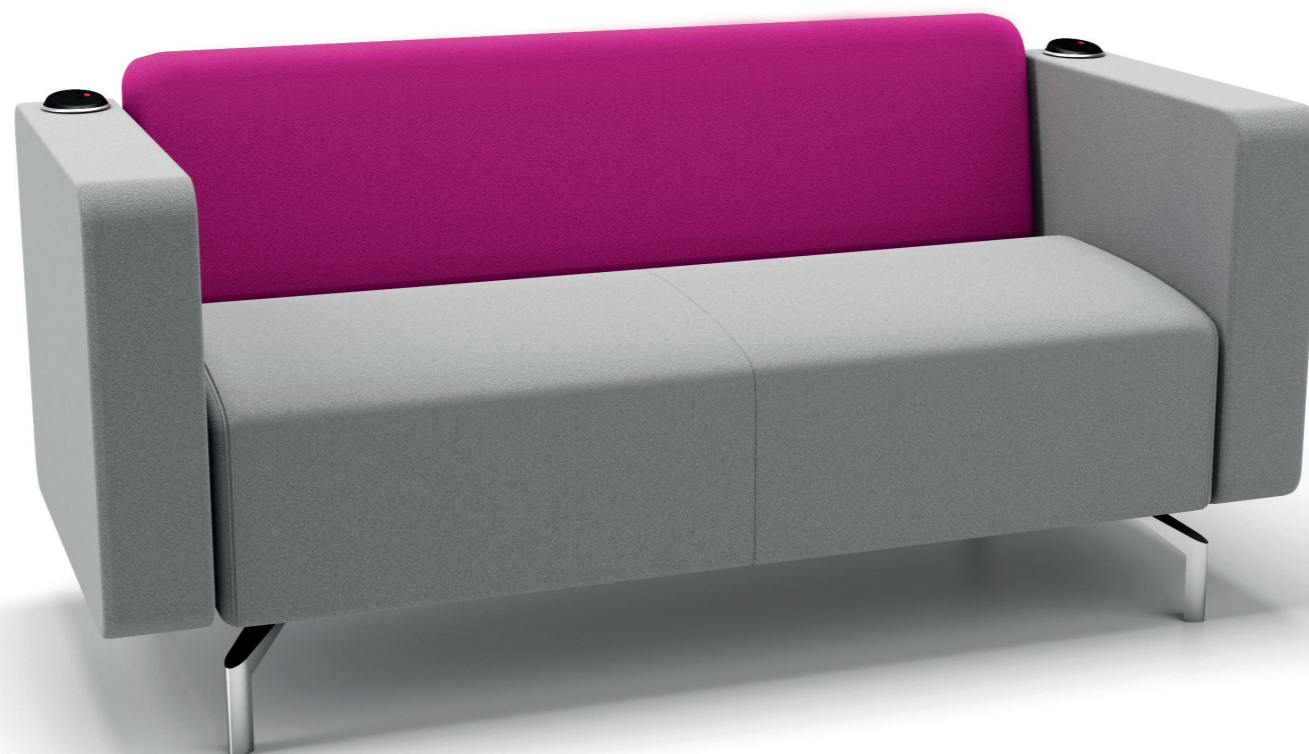

Individual polished legs

Designed with agile working in mind, Raft modules include single and double benches, corner pieces and curved sections. Optional integrated power and data further establish this as the flexible seat for the flexible worker.

Inspiring spaces can be created using Raft units, which can be configured to enhance any interior style. This makes them perfect for collaborative meeting spaces and ideal for sudden breakout discussions.
