

Rack Armour® Upright Racking Protection

Rack Armour® has been a global success for over a decade. Its innovative design and functionality has revolutionised racking protection and provides a proven reduction in damage levels - saving time, money and hassle.

Rack Armour® has been tested to international standards, including FEM 10.2.16. The results demonstrate the Rack Armour® guard protected the upright from any noticeable damage when subjected to impact typical of an MHE operating along racking aisles.

Product Features

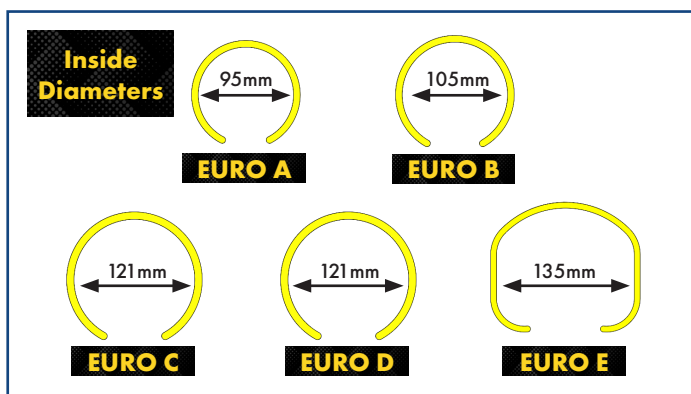

HDPE tough outer shell deflects impacts and shields upright from damage

No additional fixings required, fitted in seconds, no floor fixings = no floor damage

Rack Armour® can't be knocked off while pallets are being retrieved

Use in ambient, chilled and freezer environments

Impervious to moisture, mould growth, corrosion, acid, alkaline and most solvents

Please select size as appropriate to Fit Front Facing Uprights:

Upright Widths (Front Facing)

- Euro A:** Up to 85mm
- Euro B:** Up to 95mm
- Euro C:** Up to 100mm
- Euro D:** Up to 115mm
- Euro E:** Up to 125mm

Technical Details

Fits all makes and models of pallet racking

Lifespan of 15 + years

Various heights available - 300mm and 600mm

High visibility colours clearly gives safe working boundaries for MHE drivers

Patented design - outer shell and foam interior

Product Specification

| | |
|--------------------------------------|---|
| Material | High density polyethylene (HDPE) polymer |
| Height | 300mm or 600mm Euro D and E 600mm high as standard Bespoke sizes available on request |
| Recyclable | Yes |
| Temperature range | Use in ambient, chilled and freezer environments |
| Upright widths (front facing) | A-85mm B-95mm C-100mm D-115mm E-125mm |
| Inside diameter | A-95mm B-105mm C-121mm D-121mm E-135mm |
| Colour finish | Hi Vis Yellow, Safety Yellow (other colours available on request - POA, MOQs may apply) |
| Safety standards | FEM 10.2.16 |
