Option for RHS posts with Dulok system

Features:

- Tubular handrail system
- Available with or without additional mid-rails or mesh panel infill
- Full range of RAL colours available

Suitable for:

- Running track perimeters
- Spectator enclosures
- School playgrounds
- Crowd control

“ Looks great and is perfect for the job... ”

Description

The CLD tubular handrail system is ideal for the perimeter of running tracks, school playground areas and sports arenas, including spectator enclosures. It is available with or without additional mid-rails or mesh panel infill.

A kickboard may be fixed to the base for hockey/field sports applications. Solid panel infills are also available to enable signwriting and advertising space.

Panel dimensions

Standard heights	990, 1190, 1390 mm
Other heights	Available on request
Tube diameter	50 or 60 mm
Infill panel	Dulok range, Exempla

Finish

All components of the handrail are galvanised steel or aluminium before polyester powder coating with fixings being galvanised.

The standard colours are Green RAL 6005 and Black RAL 9005. The full RAL range of colours are available.

Specification clauses

To be read with Preliminaries/General conditions
