

POWERCOM, THE MODULAR ENTRANCE PANEL WHICH COMBINES STURDIN.

Audio version. Powercom is the original and unmistakable entrance panel created by Comelit which changes the face of design and the way of working in the sector. Its exclusive blue LED illumination gives the entrance panel a magical charm. Simple, strong and clean-cut lines, attractive colours and top quality materials, such as the frames, the cornices in aluminium and the facias made of stainless steel make Powercom an entrance panel which combines sturdiness with style. The entrance panel is IP54 rated. Powercom is the result of an extremely advanced technological project, featuring total modularity.
