CAMBRIDGE COMPOUND

If its ultimate safety and weather protection your after then look no further than our Cambridge Compound, our compounds are lockable and designed to accommodate any number of cycles. Security gates and end panels and covered walkways are also available in 1200mm, 1500mm and 2000mm widths. The compound is fabricated from mild steel and is supplied polyester powder coated to a RAL colour of your choice, but can also be supplied hot dipped galvanised or a combination of both for extra durability.

Free no obligation quotation

Should you require any further information on colours or other general enquiries please call the sales line or send us a quick email, or visit the website.
