cubicle
centre

Founded in 1673, Thornton Grammar School rejoices in its proud heritage. 1,500 pupils enjoy the school's triple specialist status in Sport, Science and Applied Learning.

The school wanted to provide the pupils with a superior washroom environment. Cubicle Centre recommended the Privacy cubicle range.

Privacy cubicles offer the ultimate in discreet use and durability. The CGL (Compact Grade Laminate) panels are water resistant and slam proof (ideal for use in schools). The panels are also coated with Sanitized® which protects against bacteria and makes them easy to clean.

“I have heard nothing but praise from the pupils for the new washrooms. They especially like the colour choices and added privacy the cubicles provide.”

John McGinnis - Bursary

The two washrooms are both spacious with an open hand washing area. The girl's eleven cubicles have Pink doors while the boy's are blue.
