

BONITA – Traditional Flueless Gas Fire

Index # 92, Rev-6, 18-Dec-2014 - Page 1 of 2

CVO Fire : 01325-301020 : www.cvo.co.uk : sales@cvo.co.uk

DESCRIPTION:

- This fire is supplied as a complete suite including a flueless gas fire, wooden surround, stone fascia, backing plate and black granite hearth. The fire can be installed on any wall within a room as long as a suitable gas supply is available. The wooden surround is made from Solid Sheasham Wood [not veneer]. If using this fire to replace an existing surround and hearth set up with a chimney, the original chimney must be blocked up and sealed before the fire is installed. Failure to do this will result in damage to the new fireplace.
- The Fire must only be installed within a room of suitable size. The “Minimum” is shown below. This is m³ which can be calculated by this formula – h x w x d.
 - 2.7Kw Version = 27m³
 - 3.5Kw Version = 40m³
 - If the room size is smaller than 100m³ it is advised to purchase the 2.7Kw version.
- The Fire requires fresh air ventilation with a vent which provides a minimum volume of “free air” (not the size of the grille) as shown below. This vent must be over 1 meter away from the appliance.
 - 2.7Kw Version = 100cm² “Free Air”
 - 3.5Kw Version = 125cm² “Free Air”
- The Room in which the appliance is to be installed must also have a window which can be opened if required. The fire cannot be installed in a bedroom, bathroom or basement.
- As this is an open flamed appliance consideration should be given to elderly, infirm or children and the use of a “fire guard” may be required. These can be purchased from most large DIY stores.
- If you have any technical questions about this appliance please call 01325-301020.
- Flueless Gas Fires are classed as a decorative, secondary heat source.

OPTIONS:

- Manual Control – Natural Gas – 2.7kW or 3.5kW
- Manual Control – LPG – 3.5Kw

CE APPROVAL:

- **Natural Gas**
- I2H – G20 – 20mBar - AT, CH, CZ, DK, ES, FI, GB, GR, IE, IT, NO, PT, SE
- I2E – G20 – 20mBar - DE, LU
- I2E+ – G20/G25 – 20/25mBar - BE, FR
- I2L – G25 – 25mBar – NL
- **LPG / Propane**
- I3P(37) – G31 – 37mBar - ES, GB, GR, IE, IT, PT
- I3B/P(30) – G31/G30 – 30mBar - CH, CZ, DK, FI, GR, NL, NO, SE
- I3+ - G30 – 28-30mBar - BE, CH, CZ, ES, FR, GB, GR, IE, IT, PT
- I3+ - G31 – 37mBar - BE, CH, CZ, ES, FR, GB, GR, IE, IT, PT

DIMENSIONS [see page 2]:

- Overall Surround Size = 1360mm (w) x 1145mm (h) plus 50mm hearth depth.
- Overall Gas Fire Size = 705mm (w) x 725mm (h).

ORDERING:

- To order please call 01325-301020.
- To process your order you will need to know the gas type and the control system you require.

=====
CVO reserve the right to amend and improve the specification sheets without prior notice. If in doubt about any aspect of this specification please call. The specification is not to be used to install the fireplace. Every fire is supplied with an official install booklet. Spirit Fires Limited own the Spirit, CVO and FIREVAULT Trademarks. Copying and distribution of these specifications is not permitted without the permission of Spirit Fires Ltd. All dimensions include a +/-2mm tolerance.
