

# SEVENOAKS SECURE SEMI VERT

Product Name: Sevenoaks Secure Semi Vertical Bike Rack

## Product Description

Designed to store any number of cycles whilst maximising usage of available space. Cycles are stored semi vertically with both front and rear wheels located in a custom designed trough. The 19mm steel hoop is welded to the bike trough and allows the cycle frame to be locked using a chain or D-lock. Close spacing of 305mm ensures maximum use of available space. Suitable to store all types of cycle; from racing cycles to mountain bikes and cycles with extra wide tyres.

## Specification

- 305mm centre-to-centre
- Suitable to store all types of cycle – from racing cycles to mountain bikes
- Available to store any number of cycles
- 50% of storage spaces are available for cycles with extra wide tyres
