

Hot Air Hand Dryers

Surface Mounted

BC 2001

BC 2001 / BC 2001B Dolphin Velocity High Speed Hand Dryer

- Quality stainless steel body with all metal backplate for excellent vandal resistance
- Very low energy usage with heater and dryer at full speed, saving 70% or more of user's energy costs (see table)
- Heater on/off switch and adjustable air flow (see table)
- Dries hands in only 10-12 seconds reducing the CO₂ emissions drastically
- Infra-red self adjusting sensor
- Outlet temperature 60°C (140°F) at 25°C (77°F) ambient temperature
- Average Reuse Rate under WEEE Directive: 72%
- Average Recovery Rate under WEEE Directive: 95%
- Five year warranty
- Ska compliant product

Product Data

- H 301 x W 230 mm
- Projection 189mm
- Satin stainless steel (BC 2001) or Polished stainless steel (BC 2001B)
- 1600w dryer • 700w motor
- 900w heating element • IPX1 rated
- Class 1 rated isolation

	Motor (wattage)	Heater (wattage)	Total wattage	Sound Level
High speed with element on	700	900	1600W	77.0dB
Low speed with element on	350	450	800W	77.0dB
High speed with element off	700	0	700W	72.2dB
Low speed with element off	350	0	335W	72.1dB

Warm Air Speed	Dryer Shall Output (m/s)	Deliver (m ³ /h)
High speed with element on	99.8	132
Low speed with element on	99.8	132
High speed with element off	75	99
Low speed with element off	75	99

PLEASE NOTE: We strongly recommend that the surfaces beneath and to either side of this dryer allow regular cleaning (such as smooth cleanable paint, tile, Perspex, stainless steel etc) to prevent staining from the water blown from users hands. New generation high speed dryers such as this are designed to blow the water off the hands so consideration like this needs to be given to deal with the water deposits.
