

BC 633 Dolphin Counter Mounted Infrared Soap Dispenser

- Electronic soap dispenser activated by an infrared sensor. When the user places their hand within the sensor range, the soap dispenser delivers the soap
- Chrome plated brass
- 1.8ml of soap per dispensing cycle. Dose is adjustable in factory or on-site by means of the Dolphin key ring remote control
- 2 year guarantee
- Powered by 9v Transformer
- Sensor range: 50mm
- Power connections: soap dispenser: male / power source: female
- The peristaltic pump allows the use of different soap viscosities, including antibacterial gels
- 1,000ml refillable plastic container. (no need to purchase unique soap reservoirs like for other soap dispensers, just to refill the soap or alcogel)
- Easy to use refill button (either on the dispenser pump, or by means of the Remote Control)
- Ideal with Dolphin Blue's touch free electronic taps – suits the design and look
- Bottle support kit available for remote installation
