Specification guide

Column casings

Eltherington are leaders in the manufacture of high quality column casing systems. From simple shapes, through to complex column casings, our precision manufacturing processes are able to bring your designs to life.

We manufacture column casings in a wide selection of materials including aluminium, steel and copper through to Rimex, Corten and zinc, to name just a few. Our column casings have been used on a number of high profile projects such as the Edinburgh International Conference Centre and Birmingham New Street Station.

Eltherington column casings are non-combustible (Class O), durable, low maintenance and aesthetically pleasing. Our team can help you with design and specification.

Innovation and service

Eltherington has been providing innovative architectural solutions to the construction industry for over 50 years. Our 6 acre, state of the art production

facility allows us to take on board specialist architectural metal work projects of any scale.

We manufacture a wide range of other external architectural systems including Bull Noses, Fascia and Soffits, Guttering and Rainscreen Cladding.

CPD

Eltherington offer RIBA accredited CPD seminars that can be presented to you or your team on request.

Technical support

Whatever product you are looking to specify, our skilled technical team will be able to provide you with support and advice at all stages of the project. We offer a full suite of 2D and 3D design services.

Compliance

Our UK-based manufacturing facilities are able to work to the exacting tolerances required to help you meet ever more stringent building legislation.

Benefits

- Wide range of materials
- Simple through to complex shapes
- Interior and exterior columns
- Hide mechanical and electrical services
- Quick and easy to install
- UK manufactured
- Does not support combustion and can meet the requirements laid out in BS476 Part 7. Class O non combustible. BS EN 13501-1.

Sustainability and the Green Guide

Eltherington is committed to sustainable manufacturing leadership in all areas of its business, including recycling, reduction of waste and saving energy.

Showroom

Eltherington has a large showroom at our manufacturing site in Hull, East Yorkshire, showcasing all of our architectural solutions. To arrange a visit, please call us on 01482 320336.

Design assistance

Our team can assist you in all aspects of regulatory compliance covering fire safety and ventilation.

Along with our standard range of column casings we can manufacture to your exact designs. We offer a full installer support programme.

Our commitment

Eltherington is at the forefront of innovation and performance in the rainscreen cladding sector. This gives customers confidence in our products, allowing them to realise their vision of creating buildings where people want to live and work.

Eltherington facade systems have been independently tested and accredited to the specific requirements of CWCT.

The Centre for Window and Cladding Technology (CWCT) is the leading provider of information in the area of building envelopes and glazing. The CWCT establishes industry standards and provides guidance to its members.

Full NBS specifications are available for all Eltherington rainscreen cladding solutions. We have an experienced technical team that can assist you in putting together designs and detailed specifications.

Eltherington offers RIBA-assessed, high-quality CPD seminars at your office or regional centres around the UK. Please contact our customer services department for more information.
