

Standalone Proximity System

Secure, Single-Door, Self Contained.

GB Locking System's compact unit combines a proximity reader and access controller.

Advantages of this system include;

- ✓ Supports up to 500 users
- ✓ 6 Wire for simple installation
- ✓ IP65 for indoor and outdoor use
- ✓ Slimline design (111mm x 49mm x 19mm)
- ✓ 80mm read range

The unit includes 2 master cards for programming.

There is a choice of proximity cards or fobs, all of which come with a shadow card.

The reader requires 9-16V DC.
