

D70-P

Downlight for pendant solutions

Glamox D70-P is a pendant downlight well suited for applications with high ceiling heights or for use in areas with slanted ceilings.

This pendant version is a smart solution based on our surface mounted downlight. Select your preferred size, D70-S155 or D70-S195. Include the special accessories for suspension and add the cable length required for your solution.

The D70-P pendant solution contains of three item numbers:

1. Select your preferred size of D70-S155 or D70-S195.
2. You need to add the accessories D70-S/P MNT SET W/O CABLE item no D70000021
- 3- At last you need a cable in preferred length with the mounting set MNT.

The Glamox D70-P works well in combination with the rest of the D70 family.

Please see "Completion" for the selection of downlights or the D70-S product group.
