

# KABRIO

Professional square or rectangular shaped flush fitting

Kabrio is a professional square or rectangular shaped flush fitting for surface mounting on ceiling or wall.

The luminaire body is manufactured in white powder painted steel. The diffuser is in opal acrylic (PMMA) and provides a diffuse light. The diffuser is hinged to the luminaire body for easy and safe maintenance.

Kabrio has an attractive design with a wide range of applications. Available in 3 different modules; 330, 500 and 600.

---

## TECHNICAL DESCRIPTION

---

---

### LIGHT SOURCE

---

2 x T5 14, 24, 28, 54W  
 3 x T5 14, 24, 28, 54W
