

## O62-W3 LED

Slim and circular wall LED luminaire

Glamox O62-W3 is a slim and circular wall LED luminaire. Suitable for both exterior and interior applications. The body is made of diecast aluminium. Phosphor-chromated for extra protection followed by a first layer of epoxy powder and a second layer of polyester powder coated paint finish. The light source is embedded in polycarbonate. Supplied with pre-assembled cable and mounting bracket in stainless steel.

O62-W3 can be delivered with integrated power supply for fixed output, alternatively 24Vdc remote power supply for fixed output or dimming.

Remote power supply must be ordered separately.

# O62-W3 LED
