

Carpets

Project: Earls Court, London

“ We’re really pleased with the new reception area. Not only is it in keeping with the venue’s modern style, it is also hardwearing enough to cope with the massive influx of visitors we receive each day. ”

Robert Marks
Earls Court

Carpet and stair edgings from Gradus have been installed in the reception area of Earls Court, creating an attractive yet durable entrance at the busy exhibition venue. Earls Court hosts many prestigious events, exhibitions, concerts and welcomes over three million visitors a year. The main reception, staircases and entrance to Earls Court have been refurbished with floorcovering from the Genus carpet range. In addition, both sets of stairs in the main entrance hall were fitted with aluminium stair edgings with Jet (black) inserts to define the step edge by providing a suitable colour contrast with the carpet, in line with Approved Document M of The Building Regulations 2000.

Robert Marks of Earls Court comments: “We were so impressed with the finished look that we employed the Gradus Design Service when we refurbished the catering and conference areas at Olympia. It gave us a lot of ideas and inspiration for the finished look and it was useful to take advantage of Gradus’ expertise and experience.

Product Specified:

- Product: [Genus carpet](#) (colourway - Cornfield)
- Construction: Tufted Cut Pile
- Fibre: 100 percent Marquésa SD
- Product: Aluminium stair edgings with Jet (black) inserts
- Warranty: Genus carpet with Gradus Stair Edgings - 15 year wear
