An introduction to Squeezelock...

The new Gripple Squeezelock range is designed for suspending all types of lighting and signage.

It has all the functional benefits of the pioneering Gripple suspension system, but with the beauty and sophistication to compliment and showcase the clean aesthetic lines of the modern luminaires used in today's hi-tech, minimalist building designs.

In addition, the Gripple Squeezelock offers advanced ergonomics and improved safety. The light fixture is positioned accurately and safely using the simple 'finger-friendly' adjustment feature, located on the side of the unit for ease-of-use.

Benefits

- Complimentary, aesthetic design
- Easy, one-handed 'squeeze' adjustment up-or-down
- Bright plated finish
- Supplied in ready-to-use kits
- Extensive ceiling fixing options to suit most substrates
- Available in lengths up to 10 metres as standard
- No tools required
- Made in England

Ceiling fixing

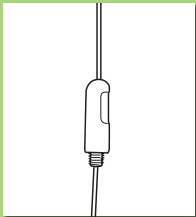

All kits come complete with the Gripple Squeezelock, wire rope and ceiling fixing. Standard kits come with the sleek, streamlined barrel ceiling fixing, giving the option of screwing onto either a T-Bar twist clip or, alternatively, screwing directly into the soffit.

There are also a further eight ceiling fixings to choose from, ranging from the popular Loop, to the handy Snap hook, to the versatile Eyelet. Other options are available on request.

Specification

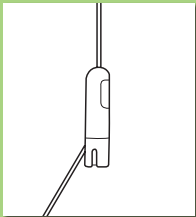

- 1.50 mm / 1/16" diameter, bright galvanised wire rope
- Load rating 15 kg / 33 lbs
- Safety factor 5:1
- Manufactured in accordance to ISO 9001 and ISO 14001
- Lloyd's certified

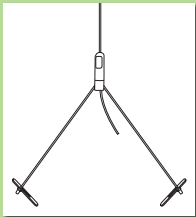

Central exit

- Wire exits centrally
- With M6 or 1/4" male thread as standard
- Other thread sizes and types available on request

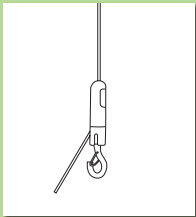

Side exit

- Wire exits at the side
- With M6 or 1/4" female thread as standard
- Other thread sizes and types available on request

Y-Fit

- Dual fixing points for balance
- 300 mm / 12" and 460 mm / 18" legs as standard (other leg lengths available)
- Available with Toggle or Snap hook ends

Hook

- Ideal for signage
- Wire exits at the side
- Safety clasp for security
