

MultiTrack Accessories

MultiTrack accessories compliment the system, increasing efficiency and safety on site. Joiner clips lock the mats together, ground pins reduce slippage on inclines, and HandiHooks make light work of handling.

Many sites are required to segregate between roads and walkways, for protection of pedestrians. Our high-visibility post-and-chain system achieves this rapidly.

SafeStore stillages secure 25 MultiTrack mats in place when not in use. They can be stacked six high, maximising space-saving on site.
