CODE	DESCRIPTION	DIMENSIONS (mm)	RRP
CM-41-4	Surface mount 100mm round switch with disabled logo engraved "PUSH TO OPEN". GREY or BLACK back box included.	100 x 100 x 44 (approx)	£56.95
CM-41-1-SMLE	Surface mount 100mm round push pad laser etched with text of your choice. GREY or BLACK back box included.	100 x 100 x 44 (approx)	£97.00
SPB002ND	(LED terminated for 12vdc operation).	45 x 85 x 45	£39.85
VQ750	Simple indicator for use with intruder alarms and other systems to indicate, for example, the ON/OFF status of a collection of intruder alarms at a remote point. The unit requires a permanent 12vdc supply (24vdc option available). Seven Red LEDs can be illuminated by applying a negative signal per LED. When no signals are applied to the red LEDs, the green LED will automatically illuminate. Other LED colours can be provided if required. The facia can be engraved to your requirements. The text required must be specified in writing when ordering, maximum 24 characters including spaces per LED.	162 x 84 x 60	£115.71
VQ750i	A basic eight LED status indicator. The LED's can be RED, YELLOW or GREEN and are terminated for operation at 12vdc (24vdc option available). The facia can be engraved to your requirements. The text required must be specified in writing when ordering, maximum 24 characters including spaces per LED.	162 x 84 x 60	£115.71
S1782P *	8 way Indicator unit with sounder. There are separate drive inputs for both the individual lights and the sounder. Housed in a low profile ABS enclosure with a scratch resistant decal. We will label the facia with words of your choice or supply it blank. Please see "Text Requirements" download for further information.	87 x 87 x 36	£60.72
S319i	Double gang set indicator plate - Jumbo 16mm RED LED mounted upon double gang engraved plastic plate. Requires 12vdc at 50mA		£61.83

\* All of the above products marked with an asterisk are available with LED's in Red, Green and Yellow. Please add R, G or Y to the code when ordering.
