

AquaBord Laminate

Wall Panel Range

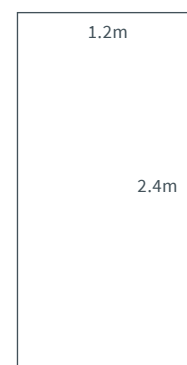

The **AquaBord Laminate** range features a high pressure decorative laminate finish bonded to a water-resistant core providing a lightweight but extremely tough and hard wearing panel.

Offering superior quality combined with a super-smooth scratch-resistant finish and outstanding durability, **AquaBord Laminate** is a practical and tactile alternative to tiles.

As with AquaBord T&G, **AquaBord Laminate** provides quick and easy grout-free installation with the additional benefit of a wider panel - ideal for panelling of shower enclosures.

Panel Specification

Each panel is 1.2 metres wide, 2.4 metres long and 10mm thick.

Panels are lightweight requiring a joint trim. Panels should be fixed to a flat, solid surface using high-grab adhesive, 2 per panel.
