

# AquaBord T&G

## Tongue & Groove Wall Panel Range

The **AquaBord T&G** panel range combines luxurious effects with elegant designs, provides a highly durable and functional alternative to marble, stone or contemporary tiles.

With tongue and groove joints and a standard width of 1000mm, **AquaBord T&G** offers quick and easy grout-free installation with no visible screws or nails, making them the ideal choice for shower enclosures and wet rooms.

Available in a wide variety of colour and pattern options, **AquaBord T&G** panels enable you to create striking visual effects that will transform your bathroom.

### Panel Specification

Each panel is 1 metre wide, 2.4 metres long and 10mm thick.

Panels are lightweight uPVC with a watertight tongue and groove joint. Panels should be fixed to a flat, solid surface using high-grab adhesive, 2 per panel.
