Light Wall

design by Paul Crofts and Katharine Gorham

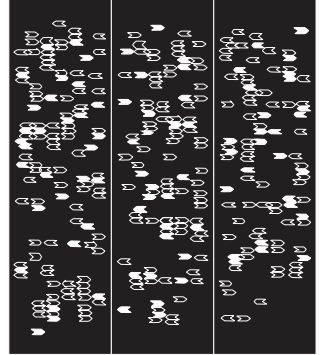

Soft Squares

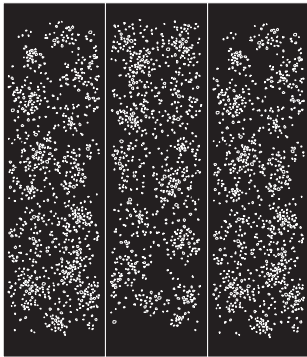

Spinner

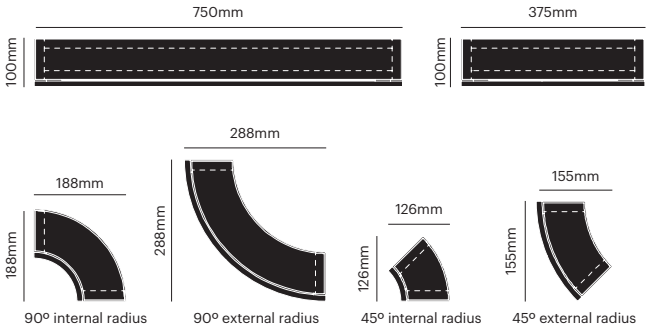

Arrows

Organic Drops

Components

Available as a freestanding screen or fixed wall cladding, **Light Wall** can be customised with a variety of translucent patterns, with the additional option of including your company name, logo or message in the design.

Produced in solid surface as a range of standard components for ease of specification and installation, **Light Wall** can be fitted in a virtually unlimited variety of shapes and sizes, for both permanent and temporary use. Bespoke solutions are available on request.

All Isomi products and designs are protected by law, particularly by copyright, patent and trademark laws and may not be used without written permission.
