

FLAMERITE FIRES
2019-20

There are four attractive flame pictures featured in the Flamerite Fires range, which can be enjoyed with or without heat. Each of them are low energy LED as standard. Scan the QR code to view the video on our website.

DESIGNED FOR LIVING

2019 -20

20 YEARS A FAMILY RUN BUSINESS

Flamerite Fires was founded in 1999 in the historic city of Lichfield, carrying on a thirty-year family tradition of producing electric fires with outstanding design. Since then Flamerite Fires has led the way in changing the look and feel of what was a basic product, falling out of fashion, into a modern and stylish appliance, sought after by homemakers old and young for rooms of all kinds.

Over its 20 year history, Flamerite Fires has won numerous awards and gained a reputation for integrity, excellent customer service and support for the independent retail sector as well as for producing high quality, innovative electric fires, stoves and suites.

Now, with half a century's expertise in manufacturing electric fires and fireplaces, we proudly welcome a third generation into the family business, who remain committed to building good working relationships whilst being mindful of the need to protect the environment and striving for continuous improvement in everything Flamerite does.

HEARTH INSET FIRES, CAST & STOVE

If you already have a fireplace, or space you want to put a new fire into, then our range of hearth inset fires are for you.

Designs range from the totally traditional to the ultra-modern and will fit standard hearth openings. You can even opt for a stove if it suits your surroundings best. With a choice of fuel bed, finish and trim options you can tailor your fire to suit the style of your room.
