# Joseph Hamilton & Seaton

---

## Introduction

Joseph Hamilton & Seaton (JHS) has been a key provider of quality Contract Carpet & Flooring for over 50 years.

Offering the most varied range of products to an ever increasing customer base, JHS enjoys a reputation for providing exceptional service and choice.

With a team of Area Sales Managers covering the UK to promote and advise on product suitability along with our own transport department and ample warehouse facility, our customers enjoy peace of mind when working with us on projects.

Our pricing structure is designed to suit all budgets.

Next day delivery is available to most areas across the UK.

---

Golf clubs  
New builds & refurbishments

# Contract Carpet

---

## Broadloom

A variety of different ranges to suit house builders, property management companies, luxury commercial properties, public buildings etc.

All JHS carpet is designed to be direct stuck if desired.

---

## Tiles

JHS provide a varied range of tiles incorporating different sizes and designs to suit every project type and budget. The most popular ranges are readily available at our substantial warehouse facility for next day delivery to most areas in the UK.

---

## Materials

Different manufacturing processes across the ranges enable us to provide products to suit most environments. For example, we would recommend a nylon tile for use in offices and areas where caster chairs are present with a polypropylene tile being well suited for a number of other project types.

# Healthcare

Designed specifically for use in environments such as hospitals and care homes where durable and maintenance friendly carpet is required in line with regular cleaning regimes. An impervious gel or foam layer protects the sub floor from damage and staining whilst repelling moisture. Polypropylene or solution dyed nylon provide durable and easy to clean surfaces. Many of our universal ranges have an anti-microbial property to help eliminate MRSA.

## Benefits Include

A wide range of styles to choose from

Varied colour bank

All budgets catered for

Anti-microbial treatment applied to some ranges to inhibit the occurrence of bacteria and fungi an ideal solution where high levels of spillages are relevant

# Hospitality

Comprising a varied, luxurious and affordable range of Wilton, Axminster & Clubhouse carpets suitable for use in a number of establishments.

Note that all of the products within this range benefit from being spikeproof.

## Suitable for

Hotels

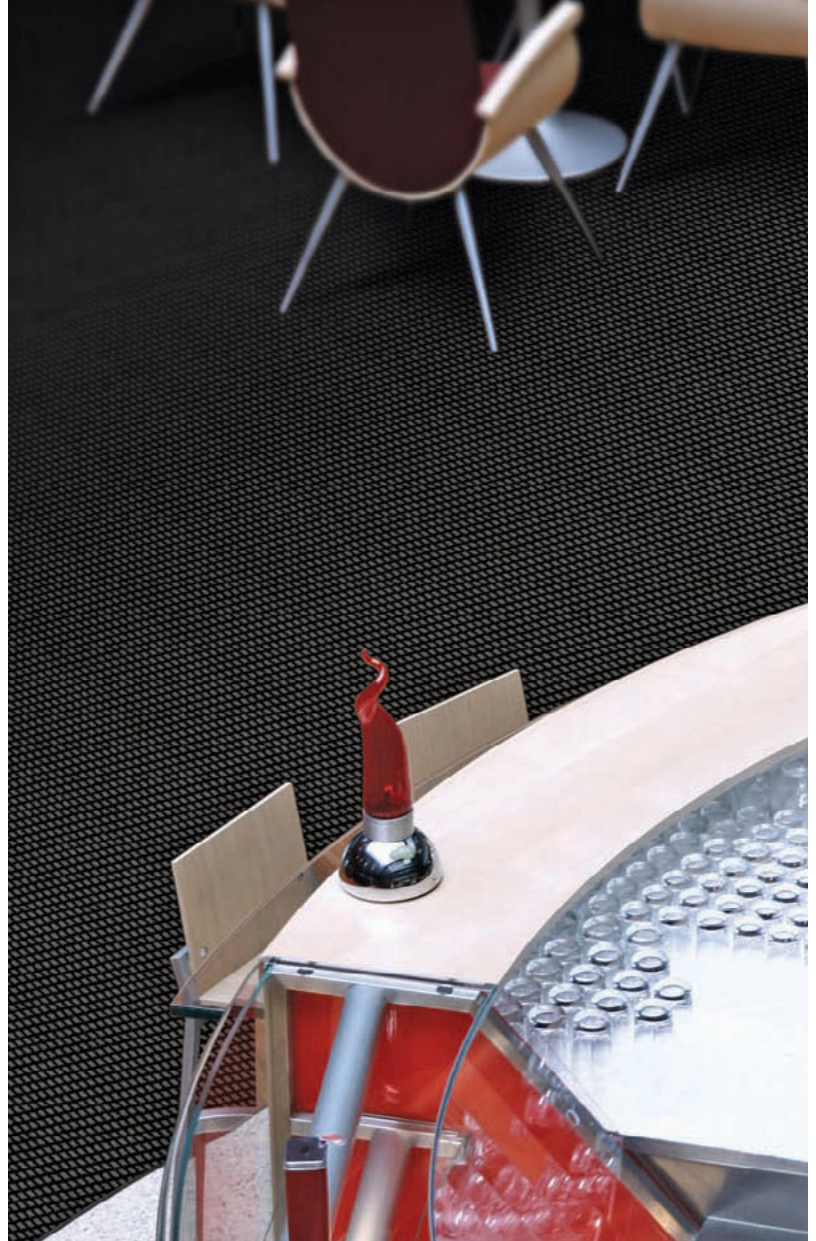

Golf Clubs

Cricket Clubs

Restaurants

Entertainment Venues

Public Houses

## Vinyl & PVC Resilient

Safety Flooring – R II rated – Easy clean surface

Luxury vinyl wood effect plank & stone

PVC loose lay fully flexible wood planks & stone

Endurance vinyl sheet – plus & acoustic range

Supa-Lock tiles in 5mm – Loose lay flexible interlocking tiles for commercial areas

Supa-Lock tiles in 6mm – loose lay flexible interlocking tiles with hidden joint

Supa-Lock tiles in 7mm – Hard compound for use in Industrial areas

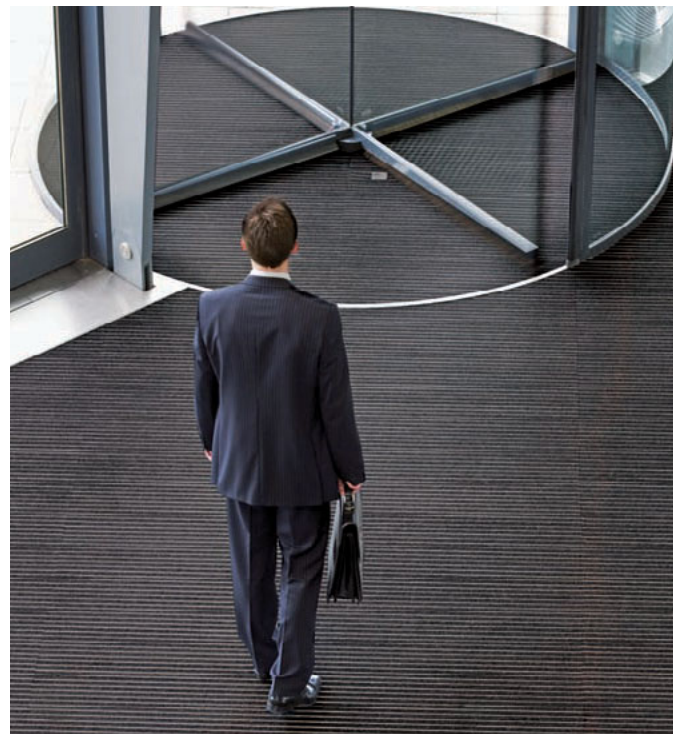

BSEN 1081 standard applies, product resistant to the build-up of static

## Barrier Matting

An excellent selection of matting including rib and chevron designs, scraper systems and soil removal zone carpet which will assist appearance retention, reduce maintenance and increase lifecycle of floor coverings.

## Indoor/Outdoor Grass

UV stabilised polypropylene grass available in different pile heights.

# tretford®

This unique and sustainable product has been our best seller for some 50 years. Available in both sheet and tile format it is an unrivalled product. With a huge colour bank of around 60 vibrant shades, tretfords® principal component is Goat Hair (80% of sheet/70% of tile) which is in fact a by-product of the cashmere industry.

Rated 'BREEAM A+' with an eco-friendly content, tretford is favoured and recommended by Architects, Designers & Specifiers.

## Benefits Include

Air filter properties to reduce airborne dust

Sympathetic to asthma sufferers due to the above

Soil resistant

Anti-static

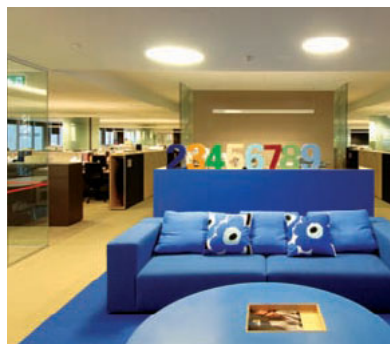

Cuts without fraying

Moth proof treatment applied

Jute backing to sheet – a renewable source and produced into un-dyed woven cloth – possesses natural fire retardant properties

Eco-backing to tiles

# Housing

---

## Housebuilder

JHS carpets are a popular choice where Developers and House Builders are concerned. The comprehensive range provides an ample selection for our client's satisfaction. Options are available as both 4 & 5 metre widths, the traditional 80/20 products include different weights to suit every property type and budget with the recent addition of a 50/50 range.

---

## Premier

Where communal areas are concerned, carpets from our premier range are often favoured, particularly in relation to luxury properties.
