

CX2 Security Grille

by Kaydee

Kaydee – the strength behind the name

Consider the value you get from sourcing your security grilles from Kaydee. We have built our reputation on decades of specialisation in your market. So, quite simply, you get excellence as standard.

- **Competitive prices**

The very best prices combined with vast choice are just two reasons why Kaydee brings you the best solution – within your budget. Guaranteed.

- **Why is Kaydee unique?**

Our independence means we bring you only the best from multiple, worldwide manufacturers. You won't find a better choice or a larger choice.

- **We are answerable**

Unlike distributors, Kaydee supports your project from specification to installation. We are answerable to this commitment – you get just the solution that you need.

- **On time every time**

Our commitment to you is that we meet our contractual deadlines. On time, every time. Isn't that good for your peace of mind?

- **Total Control**

From start to finish, Kaydee will nurture your project with pride and professionalism. Our project management skills give you total confidence.

- **Excellent guarantees**

For no extra cost, this system comes with up to a two year fit-for-use warranty. We back our quality: that's your guarantee.

- **Experience counts**

There is no substitute for Kaydee experience – twenty-five years' innovation, exclusivity and customer care. For you, that means no surprises – you get exactly what you asked for.

- **Safe, too**

Safe installation, safe operation. Kaydee staff are experts in health and safety. Their training and experience helps reduce your risks.

Kaydee CX2 Security Grille – the ultimate deterrent with ultimate appeal

- **Ultimate protection** If you want the highest level of security protection for your premises, specify the Kaydee CX2 security grille system. First and foremost, it's a visual deterrent as well as a highly effective intrusion barrier that has been attack tested to LPS1175, Security rating 1.

- **Insurance approved** The CX2 brings you everything you would expect from a purpose-designed security

grille that has been independently tested and holds the coveted **Police Preferred Specification Licence** – as well as insurance industry approval.

- **Anti-jemmy and attack-resistant** Kaydee products are noted for their strength – a tradition maintained on the CX2, which is manufactured in robust steel that is aluminium and zinc coated. A patented, multiple-point locking system is another great strength. Interlocking components add further to your peace of mind – and the patented cross-link system gives you far more strength than the more traditional rivets. Further protection comes from attack-resistant swivel fixings and anti-jemmy lock posts.

- **Virtually maintenance-free** In use, this Kaydee grille allows you the optimum visibility and ventilation. When not in use, its elegant expanding latticework folds unobtrusively away to give clear access and vision and to allow windows to be cleaned. The contemporary, curved design of the grille can be colour-matched to the environment – using a choice of factory-applied polyester coatings. The system is light and easy to operate and is virtually maintenance-free – with no electric motors.

- **Will they fit my windows?** Easy to install, CX2 grilles are available in single or double configuration, giving a range of widths from 200mm to 6,000mm and heights from 700mm to 3,000mm.

CX2 Security Grille by Kaydee

The Benefits

Kaydee CX2 Security Grille – specification guides

Kaydee CX2 heavy-duty powder coated steel security grille of lattice steel construction.

Industry tested and approved Independently attack-tested to both insurance industry and 'Secured by Design' police preferred specifications (LPS1175, security rating 1).

All-steel construction Protected by aluminium and zintec coating. Of interlocked design, with patented multipoint locking system, patented crosslink system, attack-resistant swivel fixings and anti-jemmy lock post.

Colour matching Available in a choice of fourteen powder-coated RAL colours.

Size range	Width (mm)		Height (mm)	
	Min.	Max.	Min.	Max.

Kaydee CX2 Security Grille – the benefits

- **Slam-lock closure** – The unique opening is complemented by a fail-safe 'slam-to-lock closure'. Each grille can have a common lock and key – or its own dedicated key, allowing controlled access.
- **Simple-fit, low maintenance** CX2 grilles are fitted with the minimum of disruption and need virtually no maintenance through their long life.
- **Strong, heavy duty construction** High grade steel section, expanding lattice design window grilles give maximum visual deterrent and intruder barrier.
- **Patented protection** Patented design features include special multi-point locking system and crosslink system – for greater intruder deterrence.
- **Easy to operate** Opening and closing the expanding lattice grilles is the light and easy work of a moment.
- **Kaydee supported** Backed by 25 years in the blinds and window furnishing market, Kaydee supports these security grilles with a two-year guarantee.
- **Independently attack tested** Certified to LPS1175 Security, Rating 1 – for your peace of mind.
- **Fully retractable** When not in use, the system retracts to a fraction of its width – giving clear visibility as well as access to the window for cleaning.
- **Looks right, too** Despite its great strength, this system gives you an attractive, lattice design that complements other architectural features.
- **Police preferred** Insurance approval and security preferred recognition gives your property the best door and window security of its type.
- **Colour-matched finish** We can match your internal and external environment with a choice of 14 factory-applied powder coated RAL colours.
- **Tailored options** To match your openings, choose from a single or twin configuration and a wide range of widths and heights.

View of grille from the side
The CX 2 can be reveal or face fixed (or a combination of the two options). For Face Fixing the bottom track needs to be supported by box section and the top & side tracks can be drilled at no additional cost.

Please note that tracks which exceed 3000mm wide will be cut down and 'Lift up' and 'Lift out' track options are available for both single and double CX 2 grilles. A Lockable track is only available with a single grille and must be ordered with a lift up track.
