## Vertical Louvre Blinds by Kaydee

# Kaydee – the strength behind the name

Consider the value you get from sourcing your commercial blinds from Kaydee. We have built our reputation on decades of specialisation in your market. So, quite simply, you get excellence as standard.

- **Competitive prices**

The very best prices combined with vast choice are just two reasons why Kaydee brings you the best solution – within your budget. Guaranteed.

- **Why is Kaydee unique?**

Our independence means we bring you only the best from multiple, worldwide manufacturers. You won't find a better choice or a larger choice.

- **We are answerable**

Unlike distributors, Kaydee supports your project from specification to installation. Add good communication to answerability and you get just the solution that you need.

- **On time every time**

Our commitment to you is that we meet our contractual deadlines. On time, every time. Isn't that good for your peace of mind?

- **Total control**

From start to finish, Kaydee will nurture your project with pride and professionalism. Our project management skills give you total confidence.

- **Excellent guarantees**

All our commercial blinds come with an appropriate warranty ranging from 12 months to 25 years. Our commitment to quality, is your guarantee.

- **Experience counts**

There is no substitute for Kaydee experience – twenty-five years' innovation, exclusivity and customer care. For you, that means no surprises – you get exactly what you asked for.

- **Safe, too**

Safe installation, safe operation. Kaydee staff are experts in health and safety. Their training and experience helps reduce your risks.

- **Easy on the eye**

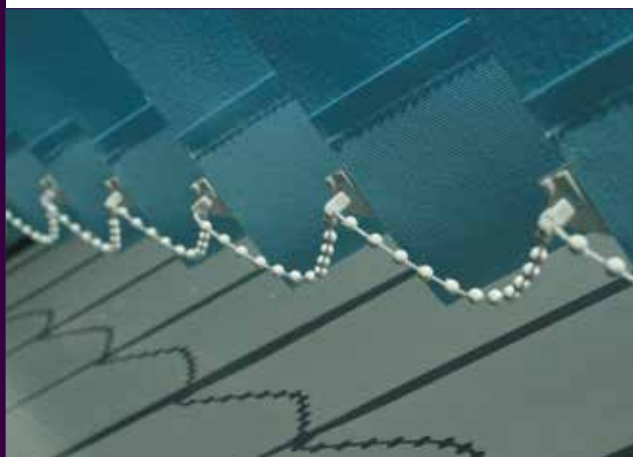

Cosmetically or architecturally – blinds have to look right. Kaydee's vision in colour, texture and style will make the right visual statement for you.

## Kaydee Spectra Gee vertical louvre blind system – Cost-effective and competitive

One of the great beauties of specifying from Kaydee is the wide span of choice it brings. And our Spectra Gee concept proves that attractive louvre blinds don't have to cost the earth.

### Smooth and elegant

Spectra Gee is a particularly cost-effective contract window blind offering simple, smooth operation. The elegant, simple lines of the slimline louvres enable you to complement the interior decor by selecting from a comprehensive range of materials, including flame-retardant fabrics.

### User-friendly

Remember that with Kaydee, cost-effectiveness doesn't mean compromise. Take a look at the way the Spectra Gee blind functions. Dual control with a 180 degree tilt gives real user-friendliness. You can select either single or split draw, with the controls located at the most convenient end of the blind.

Easy-traverse carriers run smoothly in curved, powder-coated, extruded headrail channels. A smooth, low-g geared mechanism gives sensitive tilt control of the louvres.

### Louvres – so much choice

You can select from three louvre widths of 89mm and 127mm as standard, with a narrower 63mm available to special order. According to intended function or architectural preference, the blind louvres can be specified in a number of materials, including aluminium and rigid pvc - which can be either solid or perforated. Alternatively, there is a wide range of fabric louvres available – with flame retardant, washable or solar reflecting fabric options.

Where else will you find so much aesthetic value and strength in such a cost-effective vertical louvre blind?

## Kaydee Spectra Gee vertical louvre blinds – the benefits

**Supplied by** Kaydee Blinds, City Gate, London Road, Derby, DE24 8WY. Tel: 01332 851400 Fax: 01332 294573

- **Value first and last** Here is a high-value contract vertical blind system offering exceptional competitiveness.
- **Maintenance made easy** Designed with ease of maintenance in mind, the vertical louvres can be simply removed for cleaning.
- **12 month guarantee** Your Kaydee assurance – we give you a 12 month 'fit-for-use' warranty for your peace of mind.
- **Dual control** With self-aligning dual control, the terylene chain and weighted draw cords can be either single or split draw – or, there's wand operation if you prefer. Remember, self-alignment means exactly that - the louvres will always maintain a consistent appearance
- **Sensitive, multi-choice controls** A smooth, low-g geared tilt mechanism ensures that you get delicate and precise tilt action of the louvres.
- **Safely secured** Louvres are securely held in place by a terylene bobble chain attached to weights in the bottom pockets.
- **Choice of fabrics and louvre materials** Select from attractive aluminium or rigid pvc louvres - or a huge array of fabrics and colours. The latter include flame retardant, washable and solar-reflecting materials – giving one-way vision glare control.
- **Aesthetically pleasing** Thanks to its neat headrail profile and white powder-coated finish, Kaydee's Spectra Gee offers many architectural possibilities – including sloping headrail options. So you can be sure of style plus effectiveness..
- **Adaptable to window design** According to need, you can specify draw cords at either end – or long controls for high level windows. With widths of up to 5 metres, that means total flexibility, regardless of window size and type.
