

COLLECTION C

MARTINSTOLL

COLLECTION C

Collection C is top of the class in the world of office swivel chairs. The design communicates supremacy and stability. The finest materials and the highest craftsmanship make the chairs ideal candidates for management use. The claim implies first-class sitting comfort. The design of Collection C range illustrates the function of the active pelvic support. Design: Arno Votteler.

shoulder support
LS steel black

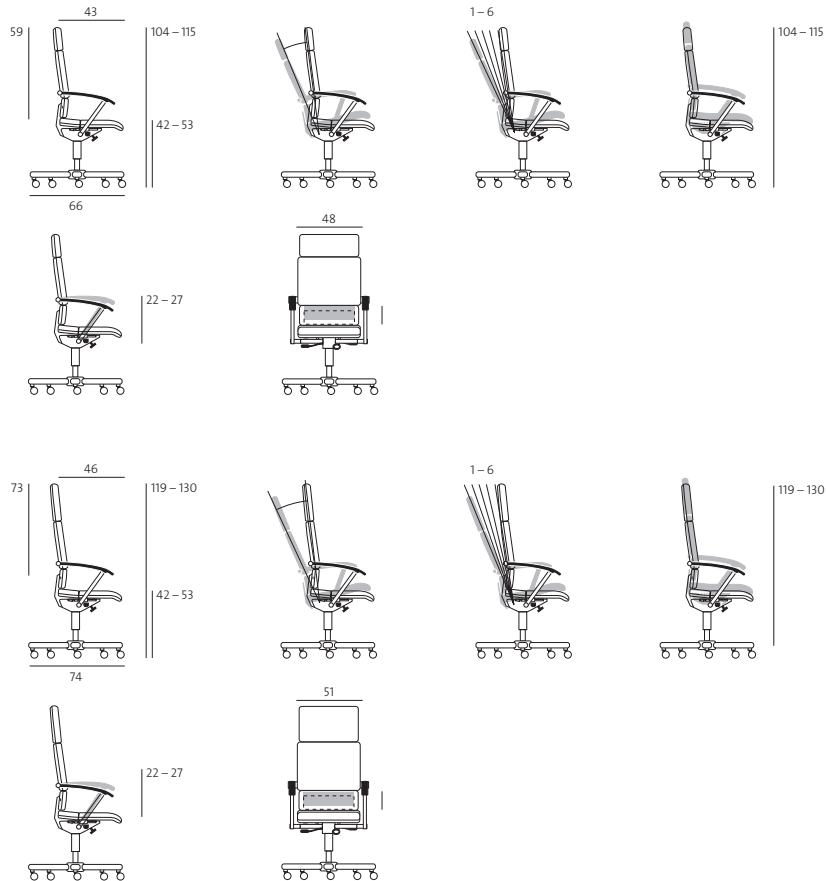

T-C10-A-D1-S
active pelvic support
height adjustable armrests
shoulder support
GV steel chrome

THE SYNCHRON TORSION SYSTEM (STS)

with adjustment of backrest counterpressure is available with active pelvic support as standard. The rear seat section is connected to the backrest and movable. When sitting upright, the pelvis is prevented from slumping backwards without the user even realising this. Via the seat-wedge effect, the spine remains in good shape. When sitting back, the rear seat section is lowered, at the same time retaining the supportive contact with the backrest.

We believe in making life better at work. At Kinnarps, we do more than just sell furniture. With products and services to match your needs, we deliver inspiring and effective workspace solutions to help your organisation prosper.
