

On this larger version of the Slide Tower a few extra activities extend the sliding and observing activities significantly. A net crossing, starting out from a play shell, links a physical climbing activity to the structure. The counter and bench at the opposite side supply the structure with valuable space for role-play and meeting. With these extra possibilities the structure becomes a play centre for two or three minor playgroups.

Product Line	Multi play structures
Category	ELEMENTS™
Age group	2 - 6
Max. fall height (CM)	142
Total height (CM)	215
Safety Zone	31.2 m2
