# Double Somer Sault Bars

The double somersault bars are an open invitation to somersault, be seated, hang in your knees, hang in your arms and thus a fun possibility for showing off acrobatics skills together with a friend. Apart from being great fun, also for more children at a time, the movements made on the somersault bar will train the child's arm, leg and core muscles and not least its motor skills such as sense of balance, space and cross-body coordination.
