

COR20300 Net Twister

Climbing and spinning at the same time. The KOMPAN Net Twister is a fun spinning climber that inspires social and physical play and can provide play for numerous children of different ages.

Climbing to the top, down and around is excellent and develops children's motor skills and muscle strength. Climbing to the top the piece also provides a perfect meeting place for children where they can sit and chat while the Net Twister is spinning. This stimulates children's sense of balance.

As older children love risky play too you will see them laying at the top of the Net Twister, spinning. Children spend a lot of energy, they cooperate and negotiate when they push the Net Twister. The perfect view from the top, climbing up, down and around and their desire to take risks in order to explore their limits, makes the Net Twister a favourite among children.

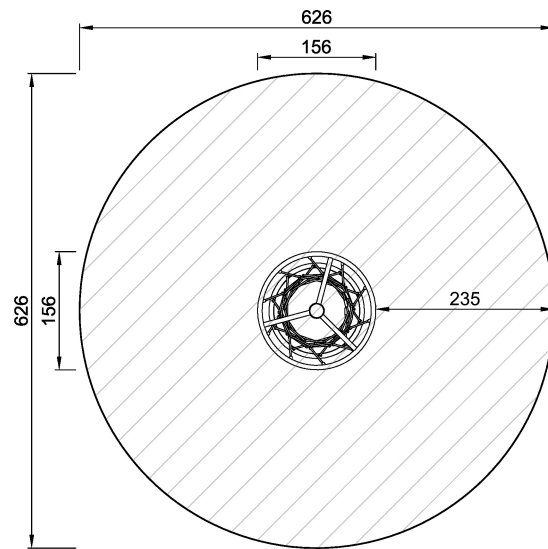

Product Line	Corocord™ rope playground
Category	Dynamics
Age group	5+
Max. fall height (CM)	277
Total height (CM)	277
Safety Zone	30.8 m2
