Play Tower, Cognitive & Creative

This multi play house structure on poles makes a great offering for both the cognitive, creative, social and physical play development of the child. A sturdy ladder leads the way into the house. At the top of the ladder, an extra handhold supports the climb and entry into the house. There are two exits: the slide, offering stomach tickling, classic joy from a seated position. Or, for the dare devils, the speedy, thrilling fireman's pole which really sparks the sense of space, speed and gravity.
