

# GXY8016 Spica 3

Spica is a uniquely designed, delightful, challenging piece of rotating playground equipment that can be independently placed along a pedestrian street, by a sports centre or within a shopping district. It can also be included as part of a group of playground equipment. The three models have different designs and react in different ways to the movement of the child. It is therefore necessary to experiment with its movement and one's centre of gravity in order to master Spica's rotations.

<b>Product Line</b>	Traditional Play
<b>Category</b>	Supernova, carousels & spinners
