

COR65090

Tunnel Bridge

The Rope Net Bridge is a self-contained, cylindrical structure. The children can walk through the bridge or cross it hand over hand along the upper part. The curved net structure also makes a wonderful hammock as a place to take a break. This bridge can either be used as an independent item of play equipment or as a means of ascent to a Spacenet or a free-standing slide.

Product Line	Corocord™ rope playground
Category	Play Bridges
Age group	5+
Max. fall height (CM)	275
Total height (CM)	275
Safety Zone	54.8 m2
