Standdor Data Sheet (Up to 1200x0800)

Description

This 50mm deep access panel has a metal faced door and is supplied with a beaded frame for tape and joint or a picture frame surround this is a non-fire rated product. The panel has a simple hinge system for ease and speed of assembly on site with pin location on one side and 1 screw fitting on the other. The panel is fitted with a budget lock as standard, other locking options are available.

Material

Our range of panels are made from 1.2mm Zintec steel for maximum rigidity, other materials are available on request such as stainless steel. As standard our panels are finished in a polyester powder coating - White RAL 9010. For other colours contact our office.

Dimensions

The actual size of the structural opening needs to be 7mm larger than the inside of the frame, ie structural opening for a 0600x0600 would need to be 0607x0607.

Additional Locking Options

The Standdor is available with additional locking options, budget lock as standard, Standard key lock, castellated tamper proof key lock, 5mm bit insert, touch catches, Airtight tamperproof insert (IP65) and an IP65 Key lock
