

## The NEW Showerlay-Linear from Marmox UK

Showerlays have proven to be one of the easiest and effective ways on the market for creating a shower drain slope. Now the range has been increased to include 4 new linear drain versions. These new designs are ideal for all size tiles whether large or mosaic and also feature a new surface which offers a smoother surface to tile onto. They have a four way fall so all sides slope towards the drain.

PRE-FORMED

- stylish new design
- ready for any size tiles
- easy drainage
- fully waterproof
- very easy to install

READY FOR TILING

- **The easiest shower base on the market to install**
- **Pre formed slope means all the hard work is already done**
- **Very easy to set up plumbing**

## Drain specification

The drain has an intergrated odour trap and easy access cleaning panel with a lockable cover. A vertical version of the drain is available upon request.

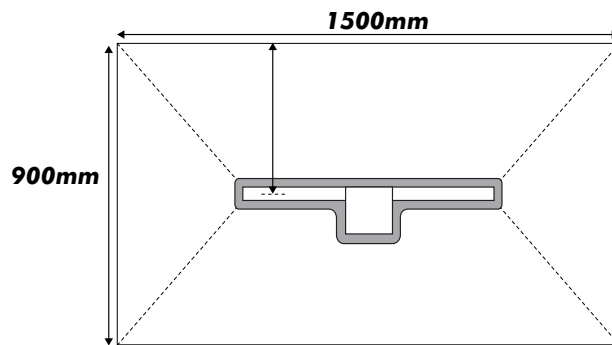

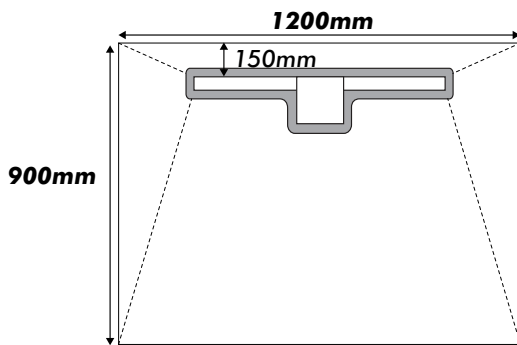

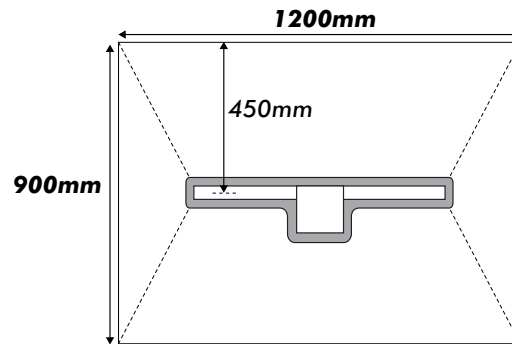

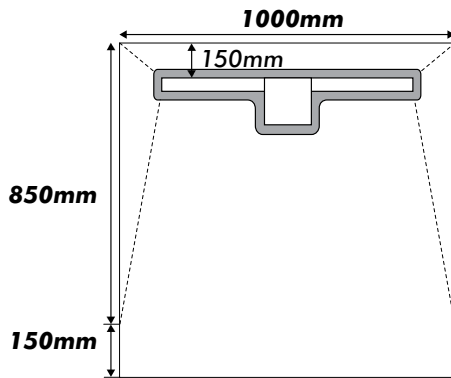

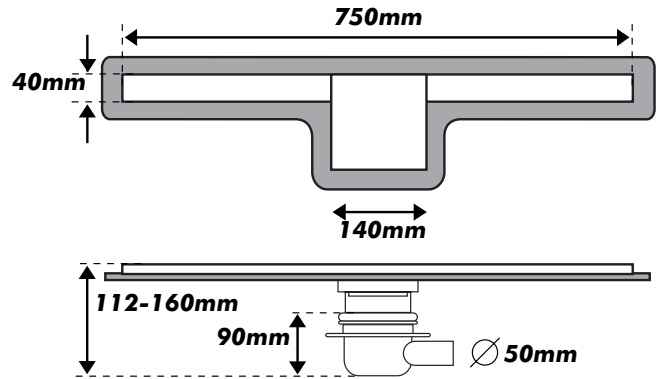

**Flow rate:** 30litres/min (36l/min with 10mm backwater)

**Water Seal Head:** 22mm

**Trap Depth:** 90mm

**Material:** ABS with brushed stainless steel cover

**Adjustable:** 8mm -10mm

## Showerlay Linear sizes

Width (mm)	Length (mm)	Perimeter (mm)	weight (kg)
1000	1000	40	5.8
900	1200	40	6.0
900	1200	40	6.0
900	1500	40	7.1
