

## Shower areas or wetrooms

### Easily create a wetroom floor for vinyl or tile!

The New Showerstone is a great addition to the Marmox wet room range, allowing a smooth and seamless slope to the drainage area. It is a floor level panel that can be cut to fit the shower area and then be coated with vinyl or tile. The Showerstone is strong enough to be laid directly onto the floor joists and by using the Showerstone with Marmox Multiboards you can create a fully waterproof shower area with a strong enough point load to easily allow wheelchair access!

- can lay direct to floor joists
- fully waterproof
- very strong
- vinyl or any sized tiles
- wheelchair access
- easy installation

**Tile grill**

**Vinyl grill**

## Shower areas or wetrooms

### What are Showerstones made of?

Showerstones are made with a GRP material that is compatible with any adhesive. They are sufficiently robust to take tiles of any size without the risk of compression through point loading and the top of the drain is interchangeable to allow for vinyl. They are ideal for wheelchair access and designed to be used with Marmox McAlpine drains.

### Centre drain sizes

size (mm)	perimeter (mm)	weight (kg)
<b>1000 x 1000</b>	<b>22</b>	<b>26</b>

### Offset drain sizes

size (mm)	perimeter (mm)	weight (kg)
<b>900 x 900</b>	<b>22</b>	<b>19</b>
<b>1000 x 1000</b>	<b>22</b>	<b>26</b>
<b>1200 x 1200</b>	<b>22</b>	<b>33</b>
<b>1300 x 800</b>	<b>22</b>	<b>25</b>
<b>1400 x 900</b>	<b>22</b>	<b>28</b>
<b>1500 x 800</b>	<b>22</b>	<b>30</b>
